During the daytime hours our building houses veterinarians that have special training in internal medicine and surgery. Patients are seen on an appointment basis through referral from their regular veterinarian. Typically these referred patients require extensive diagnostics, treatments, or surgery that their general practitioners do not provide.

The emergency service is available 24 hours a day. The emergency service manages trauma and critical care pet emergencies when your regular veterinarian is not available. No appointment is necessary.

The referral practice operates Monday through Friday from 8am-5pm. Upon referral to our facility by your regular veterinarian, an appointment with the internal medicine or surgery department will be scheduled. Conditions for which your pet may be referred include: diabetes, cancer, inflammatory bowel disease (IBD), urinary problems, congenital defects, mass removals, fracture repair, ligament damage or intestinal blockage. Our veterinarians perform procedures such as endoscopy, cystoscopy, ultrasonography, PEG tube (feeding tube) placement, CSF tap, chemotherapy, thoracic, abdominal, neurologic, and orthopedic surgery.

Payment forms accepted include cash, check, and credit card (VISA, MasterCard, Discover, American Express). Third-party financing is available through [CareCredit](#).
