**Emergency Clinic:** The entrance sign is .1 of a mile from the intersection on Maplecrest Road. Go through the intersection and you are there. (Or you miss it.)

The corner has a white, florist type, rounded structure...then a Near Miss Barber Shop, then a brick building called Yoga Works. Entrance to Yoga works and the emergency clinic are one and the same. Then there is fencing...no road...other side of fence is where the strip mall with the Lunch Box cafe and Napa stores are located.

At night the clinic is a well lit, tall building with a large lit sign on the building. So if looking up it is very visible.
